

REMARKS

This is in response to the Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, dated March 5, 2009.

Applicants contacted Mark Spencer at the Patent Electronic Business Center to clarify which sequences required correction. He indicated that SEQ ID NO: 29 and 30 were correct, but that SEQ ID NO: 21 and 22 required correction. Accordingly, Applicants submit herewith a revised Sequence Listing which is believed to conform to 37 CFR §§ 1.821-1.825 *via* EFS-Web, and a Statement to Support Filing and Submission in Accordance with 37 CFR §§ 1.821-1.825. Amendments to the Sequence Listing find support in the original Sequence Listing and in the specification at page 18, lines 9-13. Furthermore, the paragraph directed to the incorporation of the Sequence Listing has been amended to direct the incorporation of the revised Sequence Listing submitted *via* EFS-Web. No new matter has been added to the Sequence Listing or the specification. Entry of this Sequence Listing into the application is requested.

Applicants are submitting their response herewith within the one-month response period from the mailing of the Notice to Comply, to and including April 5, 2009. No fee is believed due with this response. However, if a fee is due, please charge our Deposit Account No. 03-2775, under Order No. 13195-00006-US from which the undersigned is authorized to draw.

Respectfully submitted,

By 

Roberte M. D. Makowski, Ph.D.
